Dear Principal/Guidance Counsellor,

17 April 2025

UCD Library is delighted to announce its service aimed at providing your current Leaving Certificate Students with a quiet, comfortable, academic environment in which to study, as they prepare for the state examinations.

The Leaving Certificate Student Study Programme will run from 21st of May until 24th of June 2025. This access scheme offers the resources of the University Library to the pre-examination students for consultation and study, and is open to students in your school who are due to sit the Leaving Certificate in June.

This year the study spaces will be provided in the Health Sciences Library. The Health Sciences Library is also located on the UCD Belfield Campus.

As access will be restricted to 380 spaces, allocation is on a first come – first serve basis. Slots will fill quickly, so please book early to avoid disappointment.

Registration for this service will open on the 1st of May 2025. Registration can be made at <https://www.ucd.ie/library/use/leavingcert/> or from the 21st of May in person at the Health Sciences Library, Belfield, during service hours, Mon – Friday 9am – 4.45pm. The fee is €30.00 for Library access and is free to students from DEIS schools.

Please make your current Leaving Certificate class aware of these facilities. Details of this service and our opening hours are also posted on our website and on our social media pages.

We look forward to welcoming the Leaving Certificate Class of 2025 to our library.

Yours Sincerely,

William Salmon

Leaving Cert Scheme Co-ordinator
