

We end Catholic
Schools week on the
theme of
Hope

Nature teaches us that growth can happen in the most unlikely places. Hope can help our personal growth, our growth in faith, our growth in community.

Hope can be infectious – we can catch it from others, but we can also be the ones that pass it on!

Hope has a can-do attitude. It cuts through obstacles.

**If hope is at the centre of our lives, faith and love will
be close.**

How can we make hope central?

Hope keeps good company. Hope *is* good company ... for any journey.

**‘I wait for the Lord, my soul waits, and in his word I hope.’
(Ps 130:5)**

There is
always *hope.*
