

Catholic Schools Week

Theme for Today:
Communities of Faith and
Resilience

As communities of faith we work together to face our challenges – our individual flames contribute to a great light that shows us the way.

As communities of faith we are called to offer each other shelter, especially when we encounter challenges that are difficult to face.

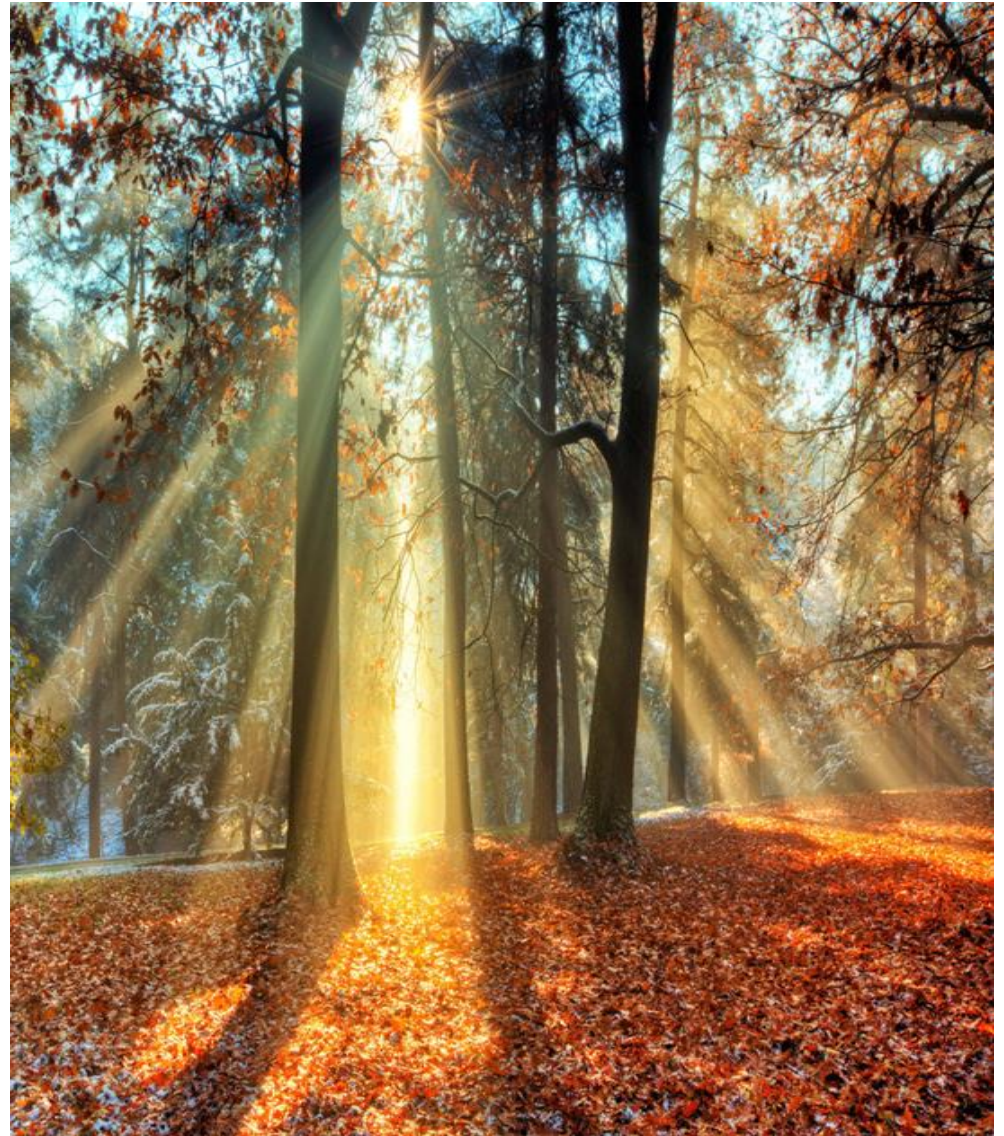

Our communities of faith include the living and those who have gone before us – they also can be called on in times of trouble.

Even when our churches are closed our faith tells us that Jesus is present – there and in the hearts of the faithful.

**‘Faith is the
assurance
of things hoped for,
the conviction
of things not seen.’**

(Heb 11:1)

#holdfirm – Stay Safe, Protect Each Other
