LADY'S
SCHOOL**
TERENURE

November 2022

Dear Parent(s)/Guardian(s)

We would like to give you some information on the Transition Year Guidance Programme. Students attend two career modules during the year. During these classes students complete a number of self-assessment questionnaires and are introduced to useful websites that will assist them to explore various career options. This year students are using the REACH+ Careers and College Preparation Programme. Details on this programme are available on www.careersportal.ie.

In November the students will take the My Eirquest and My Aptitude Tests.

TY 1 & TY4 - Thursday 10th November, Periods 1,2,3

TY 5 - Friday 11th November, Periods 2,3,4

TY 2 & TY 3 - Thursday 17th November, Periods 1,2,3

My Career Choices assessment reveals a picture of the student's stronger career and academic interests, related abilities and personal qualities. My Aptitude accesses seven aptitudes: Verbal Reasoning, Numerical Reasoning, Abstract Reasoning, Spatial Reasoning, Spelling, Arithmetic Calculation and Working Quickly and Accurately. These results are relevant in making college course and career decisions and they also explore a student's thinking and learning styles. These assessments are used to assist students in recognising their strengths and so aid them in making their subject choice for the Leaving Certificate.

It is vital that students are in school on the above days to complete these assessments. The tests will be completed during the school day and students will be given further information about them prior to the tests. These tests require each student's full attention but no preparation is required. Once they have completed the tests they will return to class.

The results of the tests will be discussed with the students and their results will be available online for you to view with your daughter. These results will be available from **Wednesday 7th December**. They are available at <https://login.myfuturechoice.com/> Students need to log into their account to access their results. They also provide a guide to further careers research and advice on leaving certificate subject selection. We would encourage you to look at these results with your daughter. If you have any queries or require further information regarding the assessments please contact us. In January We will be writing to you with further information about Leaving Certificate subject choice.

Yours faithfully

Lesley Porter
